### '85 .. A GOOD YEAR

Now that the hurricane season is safely behind us, we'd like to share with you some photos of some past storms that were not quite as benign as the storm of 1985 ... "Gloria". On the cover, loaned to us by Mr. Raymond Covill, are two aerial shots of Crescent Beach. The top photo shows the beach built back after the wipeout of 1938. It had taken some years to come back after that complete wreckage. The beach had been built back with larger lots and much larger homes than originally stood before 1938. The bottom photo shows what was left after "Carol" passed that way in 1954. These photos and others starting on Page 14 underline how fortunate we were this past year that we did not experience the tidal surge at the time of the storm and get the flood that makes battering rams out of the wreckage.

### Door Decorating

The Mattapoisett Lions' Club would like to thank all the participants in this year's door decorating contest. The judging and points scored were extremely close with only one or two points separating the contestants. The Lions' Club would also like to take this opportunity and wish everyone

### Special Town Meeting

VOTERS ZIF THROUGH SPECIAL TOWN MEETING DECEMBER 16, 1985 - by VIRGINIA ARRAL After finally obtaining a quorum of 50 voters at 7:45 p.m., the scheduled 7:30 Mattapoisett Special Town Meeting on Monday, December 16, approved the five articles in about a half-hour.

Moderator R. William Blasdale said at 7:40, "we need two more voters to make a quorum". A total of 54 voters attended the meeting.

Taken separately, but initially having the same intent, the three school committees each were given voter approval to accept state grants under provisions of Section 13 of Chapter 188 of the Acts of 1985.

Mattapoisett School Committee Chairman Maureen Best recommended and moved the adoption of the article after it was referred to the petitioners, the local committee, by Finance Committee Chairman Michael O'Brien. Mrs. Best requested and was granted approval to amend the article by removing the world "collaborative". In its final acceptance the school committee, on behalf of the Town, may accept, subject to state funds being appropriated, a Pro-

fessional Development Grant or Grants for the purpose of supplementing teacher compensation at the local schools.

Before the article was accepted, Richard Chase questioned what would happen next year during negotiations to the salaries increased in this manner. "Seems to me it circumvents Proposition 2½", Chase said. Mrs. Best explained, "there will only be a certain amount of money and is not financially binding to the town. We cannot negotiate what we don't have."

Another voter questioned who decides what teacher receives the funds. Mrs. Best responded, saying the school committee and the teacher union will make the selections. Mrs. Best explained the local committee would receive about \$20,676 for 1986 in two payments (February 15 and October 15) and \$14,314 in 1987. She added Old Rochester expects to receive \$44,293 in 1986 and \$30,665 in 1987, divided in the same time periods.

Ellen Driscoll, Mattapoisett's representative to the Old Rochester Regional District School Committee from the local committee, recommended and moved the adoption of its similar article. It was unanimously approved, as was the following one recommended and moved by Vincent A. Worden,

member of the Old Colony Regional Vocational/Technical High School District Committee. Worden noted Old Colony would be receiving

about \$26,000 the first year of the grant allowance in 1986, divided in two payments.

Article one, which sought funds to repair the drainage problem at Center School, was passed unanimously without any questions. The sum of \$8,500 was approved to be transferred from free cash.

On the subject of the fifth article, to increase the late licensing fee, there was more discussion. It seems people get more excited about animals than they do about repairing damage done to the local school.

said he doubted there will be any surplus. The late fees go into general revenue and will help pay the dog officer's salary at \$5.10 per hour seeking out unlicensed dogs and taking the cases to court.

Richard Chase expressed dissatisfaction saying the article seeking an increase in dog licensing late fees should not have been brought to a special town meeting. This is not an emergency, he said. Selectman Huntoon explained the article was placed in the special meeting so the town could implement the new penalty on June 1, 1986; otherwise they could not begin collecting until June 1987.

Paul M. Kelley asked why the fee couldn't be more like \$25.00. Selectman Huntoon

jokingly responded saying, "spoken like a true cat lover". Huntoon said there is a state law limiting the fee to \$10. However, on checking this information out with Town Clerk Lois Ennis, it was determined there is no state law limiting the amount. She noted some towns do charge up to \$20.

Mr. Worden said as he understands the request it is only for those who don't pay on time -- "I'm all for it." The article passed 49 to 3, according to the moderator.

WARNS ABOUT FUEL OIL SCAM

It has been learned by the Mattapoisett Council on Aging that certain fuel oil salesmen are going door-to-door soliciting accounts by implying that they are endorsed by PACE which is the agency that administers the Fuel Assistance program. PACE does not endorse any specific dealer and no one should change dealers for this reason. If you are approached by someone claiming to be endorsed by PACE, take his name and address and call the Council on Aging office in the Town Hall.

### In Memory

ROBERT S. BENNETT

No one stands alone. No small business exists without the support, the confidence and the help of many friends. We would like to dedicate this year's issues of the Presto Press to Robert Bennett, our next door neighbor, who died on Christmas Day 1985 at age 80. Mr. Bennett was a constant strength always ready to help and responsible for some issues of this paper being produced when it appeared a near impossibility. We, the neighborhood of Barstow Street, people throughout Mattapoisett and everywhere will miss this man who was the firmest of friends and the best that the United States produces as a responsible citizen. Mr. Bennett was an engineer by profession and he designed with care and built to last, but the most enduring of his projects were his relationships with people.

The saying goes - We learn by experience - and this decidedly applies to hurricanes. After the 1938 hurricane took New England completely by surprise, Mattapoisett residents have been better prepared for each one as the weather forecasters kept us informed of their approaches.

As the 1954 annual Town Report stated after Hurricane "Carol" on August 31, 1954, and a second one, "Donna", two weeks later on September 11, "this was the third time in living memory many citizens of Matta-

poisett experienced the devastating forces of an Atlantic hurricane (1938 and 1944 being the other two)."

Winfield Jenney, who was wharf commissioner at the time, remembers that there was no boat ramp at that time and each boat owner had to take care of his own boat. In the town report Jenney said, "there were about 100 boats in the harbor, and after 'Carol' left us there were only three still afloat". As he remembered the time, Jenney said the state Hurricane Relief Board gave the town \$20,000 for repairs to the wharf and insurance covered \$13,000.

DECEMBER 17, 1985 - by VIRGINIA ARRAL "THE TOWN IS GROWING - AND OUR NEEDS ARE GROWING"

Phase I is well underway as the members of the Police Department Evaluation and Needs Committee met with Selectmen on Tuesday, December 17th, to inform them of the committee's progress.

The committee was formed recently following Police Chief James Moran's request to look into the feasibility of building a new police station. The Chief cited sev-

reply to committee member Peter Hodges' question regarding a time frame for a plan, DeCosta said, "I can't see anything being done at the 1986 town meeting, but hopefully we'll see some definite plans by 1987." The chairman advised checking as soon as possible into architects' fees, as a starter.

Selectman James F. Huntoon explained the police station has been at its present location for about 35 years. "We need to assess what we have now, what we will need

in the immediate future, and long-range plans. The town is growing - and our needs are growing." Perhaps we could see what other towns have done, he added.

Huntoon continued, "we have the potential for losing valuable equipment from the back of the police building. The Chief has done a commendable job in updating the department, but the department needs more space."

As to the location of a new station, Huntoon said the town owns a strip of land on Route 6 which was taken in taxes that was previously considered in the 1970's for a fire/police complex. Selectmen agreed they do not object to having a joint fire/ police complex.

DeCosta said perhaps the police building could be so designed and so placed on the lot to allow for a fire station at some future time.

Huntoon said there is more room upstairs in the fire department building than in the police station; is this a balance of use? Basically, the fire station is nothing more than a garage. The town has a substantial investment in the police department and has to protect this investment and

### Now We Can Lend More People A Hand.

Fairhaven Savings opens its newest branch in Mattapoisett

When you're a community bank who's built a reputation for service, you find two things happen: You have a lot of very happy customers and you have a lot of people who wish they could be your customers.

The only way we can make more people happy is to open another branch, which is exactly what we did.

The newest Fairhaven Savings office is in Mattapoisett.

To kick things off, all Fairhaven banking centers will be celebrating with cookies and cider. Naturally, the Mattapoisett area residents have the most to celebrate. Now they've got a full-service bank that actually delivers full service.

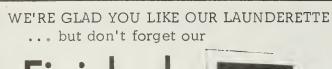

Besides basic checking and savings, we're happy to open an IRA for you or explain the variations on investment accounts. If you're looking for a loan, either for yourself or your business, we'll do our best to create financing you can live

You see, although Fairhaven Savings Bank is growing every day, we still think of ourselves as a friendly local bank. Which is why the thing we want to lend you most is a hand.

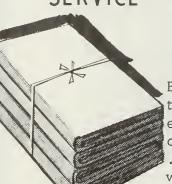

We Want To Lend You A Hand.

Huntoon added that this Route 6 site would have accessibility to the village from Church Street exit and for both directions on Route 6. He noted this location might have an effect on homeowners' insurance thus encouraging homeowners to vote for a 25 year bond to build a police station.

Selectman Frank A. Suzan commented there has been some talk about regionalization of communication. "I am not personally in favor of it, but you (the committee) can

Police Lt. James A. Santos, a member of the planning committee, said he agreed with Huntoon's comments about the housing needs. The layout at the station definitely lacks room for confidentiality and there is a problem with storage space for valuable equipment.

In deciding for the committee's next meeting without the Selectmen, Lt. Santos offered to have the meeting in his office at the station. This brought laughter as Santos said, "I can always move the file to make more room for a group meeting." Members of the committee include Bernard F. Talty, Housing Authority member; David Crook, Building Inspector; Robert M. Coquillette, Chairman of the Council on Aging; Peter B. Hodges, Finance Committee member; and Police Lt. James Santos.

In other business, Selectmen:

our reasons for this request. Number one, in the event of an emergency, as we learned with the recent hurricane, it is necessary for Civil Defense, Police, Fire and

volunteers to have a priority list and deal with the needs of the sick and infirm first, then go on to dealing with the other numerous problems caused by such an emergency.

"Number two, duplication and unnecessary tie-up of tax supported services; such as the ambulance, the emergency telephone number and the Public Health Nurse, is unfair and potentially hazardous to every resident of this town.

"One of the patients you are now servicing made an inquiry to Mrs. Boyd regarding other services available. They were referred to Coastline Elderly Services and it was found that they were eligible for respite service. Failure to investigate all services available is a gross injustice to the people you are servicing."

Nunes said the truck is in tough shape and a new engine would be around \$1,500. During the winter months work is slow, Nunes said, so "I can help John Bowman, the highway department's mechanic, with the labor". The Finance Committee will be notified of the emergency spending from the shellfish budget and that no added funds will be requested.

RECEIVED WORD from Stephen Grossman, general manager of American Cablesystems, that he is moving to California. Selectmen agreed to send a letter thanking him for his dedication to the town. Also, a letter will be sent to his new employer stating the super job he has done for the town.

Bradford said (like the Selectmen) he is opposed to restoration of binding arbitration. At the present time, it is not mandatory for towns to accept the collective bargaining decisions; this act would repeal this legislation.

The board also heard from Senator MacLean concerning Senate Bill 2510 which provides increased grants for construction of wastewater treatment facilities, water supply facilities and other related water pollution control and water supply grant

Selectmen Chairman DeCosta said these funds will help replace the federal sewer grants which are no longer being funded. ### Health Views

#### THAT HEADACHE HAS A MEANING!

Remember this when a headache occurs. You gamble with your health when you treat the pain rather than its cause.

Some headaches have simple explanations such as those resulting from overindulgence in food or drink. his type usually passes as soon as its cause — a disturbed digestive and eliminative tract — has been relieved.

Most other headaches, however, particularly if chronic or recurring, should be taken more seriously, as they may be a warning signal of a more serious health problem. And often the problem is not related to the head.

Headaches can, of course, result from many conditions. But research has revealed that a common cause — often unrecognized — can be traced to the cervical vertebrae (spinal bones of the neck).

One should not delude oneself into assuming that headaches are "normal" and that they can be easily corrected with a package of "pain killers." Seeking relief by merely drugging the pain often allows the cause of the symptoms to go untreated. The further a condition is permitted to advance, the more serious it becomes, and the more difficult it is to overcome.

Headaches are the most common health complaint in America today. If you have headaches, it would be an act of wisdom to seek qualified professional counsel as early as possible from a doctor of chiropractic. Under chiropractic care, a patient is either treated or referred after a comprehensive differential diagnosis.

Mattapoisett Power Squadron is a unit of the United States Power Squadrons, a nationwide private organization of more than 50,000 sail and power boat enthusiasts joined together in 451 local squadrons. USPS objectives include encouragement of a high standard of skill in the handling and navigation of boats, and promotion of the study of seamanship, navigation, and boat handling.

To further these objectives, USPS has developed a wide range of courses in navigation and other boating subjects for its members. USPS offers the Boating Course to any interested members of the public as a civic service.

Anyone wanting more information about the Boating Course may contact Walter Sawyer at 758-2769, Dick Fearing at 748-1890, or John Balonis at 947-0202.

QUILTING GROUP

The lucky winner of our beautiful "Grand-mother's Flower Garden" quilt was Esther Zeimetz of Peases Point, Mattapoisett. We are happy that the quilt stayed home! Special thanks go to the quilters, the donaters of materials, Tinkhamtown Helping Hand Society, those who gave time at the malls, ticket sellers, ticket buyers, husbands, the Mattapoisett Library, the Acushnet Company, the Ropewalk, and local publications: "Presto Press", "New Bedford Standard-Times" and "The Sentinel".

The group will resume meeting on Tuesday, January 7th (9:30 a.m. to 12 noon) at the home of Mary Callan, when work will begin on the new project plus individual pieces. The January 21st meeting will be held at Marian Watson's home, 7 Snowfields Road (758-9384) at 9:30 a.m.

On Wednesday, January 8th, we and the Fine Arts Group will be jointly sponsoring a day trip to Lexington's National Heritage

#### Koinonia Fellowship

A new fellowship group has been formed at the Mattapoisett Congregational Church responding to a need to provide new opportunities for fellowship, community outreach and adult education. This group is open to anyone - individuals, couples and families. We are calling it the Koinonia Family Fellowship. Koinonia is a Greek term meaning a fellowship of believers who care about one another.

The first meeting of the Koinonia was a potluck dinner followed by a discussion of members' ideas for the group. As a result, the group has since sponsored a picnic and softball game, and an early evening of Christmas caroling. An organizational meeting was also held to elect/volunteer people to coordinate the group as a whole, and also to coordinate three main interest areas: continuing education, community service, and social activities.

The next meeting of the Koinonia will be held on Tuesday, January 7th, from 7:00 p.m. (sharp) to 8:30 p.m. in the church parish hall. During the first half hour

centered her thesis on building a dream, setting a goal and reaching for it. Having obtained the goal, set your sights on another, and help someone else in doing the same.

Third place winner Michelle Despres looked back on her life from the year 2009, realizing the dreams of a 16 year old were not the reality of a 40 year old. Yet, with the opportunities available to the youth of today, certain goals had been obtained.

Other contestants from Old Rochester were Chris Knight, Kristin Lacroix, Kathy Sherman, Wendy Bridge, Jonathan Coney, Chuck Johnson, Kristen Shatzell, Lellie Thornell.

Each one participating was presented with a VOD patch and pin from Post Chairman Jere Hill and Auxiliary Chairman Pat Caswell. The first, second and third place winners were presented a trophy and a check.

Judges for the program were Andrew Mendes who has held the position of Administrative Assistant at ORRHS and Old Colony Voke, presently holding the position of Manager of Corporate Services at Sippican, Inc.; Ernest Halunen who is a member of VFW Post 2425; Julie Hambly, who is a Language Arts Teacher at Wareham High School; and Barbara Meehan who is a guidance counselor at ORRHS.

#### Letters to the Editor

I wonder how many realized that Joseph and Mary traveled 80 miles from Nazareth to Bethlehem before Jesus was born. Mary on a donkey, Joseph walking beside her - over the hills and unpaved paths. Only to find "there was no room at the Inn" - so Our Infant Savior was born in a cave with animals - and Mary had no doctor.

Later they fled into Egypt from Bethlehem because Herod was going to kill all the boys under two years, hoping to kill "the newborn King" the Wise Men spoke of. Mary with her Infant Jesus in her arms again on the donkey - with Joseph walking all that 55 miles.

After the death of Herod, they returned from Egypt to Nazareth again by donkey with Joseph walking beside Mary and the Infant. This trip was 245 miles.

Think of it - how many would be willing to walk or travel this distance today as they did. Is the poorest of our population ever born in a stable - surrounded by animals and no doctor? Let us all be thankful that we have the blessings today

LETTER TO THE EDITOR

North Street, north of Route 6, used to be a stretch of road with a residential atmosphere - now, increasingly, since Route 195 has been built, it has become at times a river of banging, thumping trucks, cars whizzing up and down, a hodge-podge of mechanical nuisance that doesn't belong messing up an area of attractive homes.

An official in town told me that when 195 was built that the state was all set to make an access road that would have gone in back of the former Big 3 Sawmill and come out on Route 6 near Mr. Meat's location, but a member of some board in town put the kibosh on it.

It would be good if there were some long-range planning, backed by enthusiasm in town to participate so that something stupid like that hopefully doesn't happen again; also sufficient, practical parking, especially for commercial areas; and layouts produced to have trees and landscaped effects instead of crass eyesore stretches in Fairhaven and other towns.

#### A Christmas Carol

SOME POST-PRODUCTION NOTES FROM THE STAGE MANAGER by DAVID B. BOYCE

The Old Rochester Regional School District production of "A Christmas Carol" is now a part of the 25-year history it celebrated. From the beginning, it was an exciting project, made more so by the enthusiasm generated by co-producers Ellie Marland and Janis Andrews-Johnson. The tenacity of their commitment spread rapidly through the tri-town district.

It is doubtful that the cast and crew knew at the outset how satisfying their involvement would be. Now, in the afterglow of its success, "A Christmas Carol" remains a warm and loving memory for the roughly 200 people it took to create its special Christmas magic. For the more than 2,000 who attended the four performances, the appreciation they felt still echoes in the memory, with the spontaneous standing ovations they gave. Even more appreciated is the Scholarship Fund which will boast an additional \$5,000 in its coffers. Quite a Christmas

present!

In his address to the cast, before the final matinee, co-director Armand Marchand told them they were especially fortunate this year, as they could celebrate two Christmases - one on stage and one at home. His was an understatement. Every performance was Christmas! All the adulation made everyone feel the joy of the season.

"A Christmas Carol" has engendered an unparalleled phenomenon in the District - the true spirit of cooperation. The 21 students in the cast saw teachers in a new light. Both suddenly shared the same status, as well as the pleasure or displeasure of co-directors Marchand and

George Charbonneau. At the cast party, after acknowledgements and presentations had been offered from the podium, high school sophomore J.J. Mattson took the microphone to say she felt a real sense of family with the cast. More than a few eyes misted over as the applause echoed those heartily shared feelings.

While sentiments ran high, due to the Christmas theme and the camaraderie a musical production usually creates, there was much humor throughout rehearsals and performances. Though they ran a taut ship, Charbonneau and Marchand exude warmth and sincerity. The tone they set produced an atmosphere ripe with good feelings. They also have remarkable patience with amateurs. Only a few of the cast had ever trod the boards before. The disciplines of theater arts were foreign to the majority. Due to their professionalism, Charbonneau and Marchand commanded respect, thereby giving a serious sense of accomplishing the task at hand.

In retrospect, many memories remain strong. As Jacob Marley, Bob Johnson was faced with a predicament. His entire costume had been

rolled in fireplace soot to achieve its mottled coloring. More annoying however, before each act, soot was poured over his shoulders and packed into his pockets so that each movement produced those marvelously effective clouds of dust. Fortunately, that soot did not affect his voice or vision, but what a mess it made on stage! One essential piece of backstage equipment was the broom to sweep up after each of his entrances.

Bill Reed, as the Ghost of Christmas Present, had another problem. His costume, make-up and dialogue often produced gales of laughter - certainly a desired response, but it also drowned out the music emitted from the backstage speaker monitor, causing Bill to be cut off from his musical cues. His glorious bass voice was sometimes forced to wander in search of his music, but his good spirits bolstered the entire production.

Tom Grondski, as a member of the chorus and as the butcher, had taken quite a healthy ribbing about his dancing. To be frank, and he's certain to agree, Tom is no threat to Baryshnikov. In the make-up room, Tom remarked that he felt a reviewer had overstated some off-key vocal

notes. These were not trained singers, after all - a point well taken, though vocal director Susan Coyle worked miracles. The improvement from auditions to performance was remarkable. Jokingly, someone observed, "Tom, you didn't sing offkey, you danced off-key!" Tom was the first to join the general laughter, illustrating the high spirits that prevailed throughout the production.

bed for endless minutes before her "entrance". Marley's appearance in Scrooge's bedroom, through the fireplace, required 5 stagehands to steady the fireplace and reset the curtain covering its backside. When the fireplace spun 180° to reveal the jovial Ghost of Christmas Present, Bob and David Lamoureux had to rehearse the necessary backstage movements over and over. They got it down to a science. Chorus members Jackie Demers, Kate Jackson and Marjorie Robinson seldom had to be reminded to smile - their enjoyment in the proceedings was evident from the onset. Charlie Tate, as Scrooge, and Bob Johnson, as Marley, will undoubtedly remain indelible in the minds of those who were fortunate to see them. Everyone involved worked hard to make "A Christmas Carol" a special event and indeed, it was.

There is already talk of having an annual District show. Under discussion is a May 1987 production of "Fiddler on the Roof". It has been reported that in the various teacher lounges, one can overhear, "Gee, I wish I'd gotten involved. Everyone seems to have had such a good time.

Everyone did have a good time and everyone involved should be proud to have contributed to a production that was such an artistic and financial success. The Christmas spirit in Marion, Mattapoisett and Rochester this year is deeply enriched because of the efforts of all who unselfishly contributed their talents and time.

Everyone is a winner, especially the Scholarship Fund. A wonderful mood has been established to enter the new year. Happy 1986 to you who worked with such dedication to make the end of 1985 such a high point, with this production of "A Christmas Carol".

And to all, as John Drury as Tiny Tim so winningly proclaimed, "God bless us, everyone one!"

#### Children's Museum

"ASTRONOMY NIGHT"

"Astronomy Night" takes place at the Children's Museum in Dartmouth on the second Saturday of each month. The sessions begin at 7:00 with a slide show and talk to be followed by night sky viewing with the Museum's ten inch telescope, weather permitting. If the sky is cloudy, viewing will be postponed to Sunday evening, but the slide show will still be held on Saturday.

The slide show and talk will be given by Gerald Dyck, Astronomer-in-Residence at the Children's Museum. Mr. Dyck constantly shares his enthusiasm for astronomy with those attending the monthly astronomy , nights at the Museum.

"THE LIFE CYCLE OF THE STARS" will be featured on Saturday, January 11th. Par-

ticipants will learn how stars are formed. Young, old and dying stars may be observed through the telescope. Halley's Comet should be visible. "THE TELESCOPE AS A TIME MACHINE" will be the subject of Astronomy Night on Saturday, February 8th. At that time participants will have the opportunity to look back in space and time. "ASTRONOMY WITH BINOCULARS" on March 8th will explore celestial objects that can be observed without a telescope. Participants are encouraged to bring their own binoculars.

Chorus Line, and Neil Simon's smash hit Brighton Beach, is once again bringing a Broadway hit to New Bedford. NOISES OFF, starring Noel Harrison, plays the Zeiterion on Tuesday, January 14th, for one performance at 8:00 p.m.

This hit comedy, written by British playwright Michael Frayn, ran for two seasons on Broadway and is currently in its third year in London. The story focuses on the comic misadventures of a flea-bitten acting troupe touring the small towns of England in a sex-farce called "Nothing On". Noel Harrison plays the director of this rag-tag production in which everything that can go wrong, eventually does.

The son of Rex Harrison and Collette Thomas, Harrison has starred in "Joe Egg", "Sleuth", "The Road of the Grease-paint" and a host of London theatrical successes. He is also an accomplished singer and songwriter, having recorded "Windmills of Your Mind" for the sound-track of the film "The Thomas Crown Affair" in 1968 which went on to win the Oscar as Best Song of the Year.

The cast features Patricia Kilgarriff, Hugh A. Rose, Carolyn Porter, Moultrie

Pattson, John Rensenhouse, Lydia Laurans, Mary Portser and Berry Cooper. Michael Blakemore, who directed both the London and Broadway productions, directs this National Touring Company presentation.

Robert A. Freedman, Executive Director of the Zeiterion Theatre, states, "We are absolutely thrilled at the opportunity to bring Noises Off to New Bedford. Looking at the response we had to A Chorus Line and Brighton Beach, we can see that audiences at the Zeiterion love the Broadway hits and we're glad to be able to provide them."

New York's number one critic, Frank Rich of the New York Times, called Noises Off, "The funniest show on Broadway. It couldn't have arrived in New York a moment too soon."

Tickets are on sale now and range from \$17.50 to \$22.50 and are available at the Zeiterion Box Office or by calling 994-2900.

that adorned and identified New England's proud merchant vessels. Tour the Museum galleries of paintings, whaling artifacts and scrimshaw. Come learn about the men, women, ships and ports that developed the dangerous and exciting whale fishery into one of America's most successful 19th century industries.

Current exhibitions at the Museum include "The New England Fisheries", a collection of paintings and prints that illustrate and pay tribute to the proud New England fishing industry. The complementary exhibition of contemporary photographs taken by today's New Bedford fishermen helps explain the advanced techniques and ever present challenges of the offshore fisheries.
